Celebrates

National Science Day

February 28, 2025

Science For Sustainable Future

National Science Day is celebrated in India yearly to mark the discovery of "Raman Effect" by the great Indian Physicist Sir C.V. Raman on 28th February, 1928. After two years of this discovery, Sir C. V. Raman brought the first Nobel Award for the country. The first National Science Day was celebrated on February 28, 1987. National Science Day aims to disseminate the importance of Science and its application among the people and to promote the spirit of curiosity, creativity and scientific temperament in the young generation of India.
